I. Erosion on Scenic Drive

The Town Board and Tom Brown, Road Maintenance for the Town of Medary, reviewed the extensive erosion on Scenic Drive Road.

A plan was developed to assist and alleviate continued erosion that included; tree removal, addition of rock, some lip curbing to divert water and seeding of the eroded site on the shoulder.

This area will be monitored and revisited during the April 2015 Road Tour.

Respectfully submitted,
Linda Seidel, Chairperson
Town of Medary
